

## Cookie and Tracking Technology Policy

Effective Date: January 15, 2021.

Our [Privacy Policy](#) explains how we collect and use information from and about you when you visit our website, become an investor or create an account with us, or otherwise interact with us. This policy explains more about how we use cookies and tracking technologies and your related choices.

### **What are Cookies and other Tracking Technologies?**

Like most websites, we use cookies and similar technologies to remember things about you so that we can provide you with a better experience.

- Cookies are small data files stored on your browser or device. They may be served by the entity that operates the website you are visiting (“first-party cookies”) or by other companies (“third-party cookies”). For example, we partner with third-party analytics providers, like Google, to set cookies when you visit our website. This helps us understand how you are using our Services so that we may improve them.
- Pixels are small images on a web page or in an email. Pixels collect information about your browser or device and can set cookies.
- Local storage allows data to be stored locally on your browser or device and includes HTML5 local storage and browser cache.

### **How We Use Cookies**
